

Telling a part of your story through your Art Journal: The *travel sketch* or *road trip* journal entry

instructor: Maya Hum (www.mayahum.com)

sample travel journal entry by Maya Hum

Create an entry that tells a story of one of your trips you've had. It can be big or small (a trip to a new country or even a trip to the grocery store could be something to journal about!) Or where you want to visit some day.

Prompts/ideas

- Journal about the inside and outside of a location you've visited. Tip: use google street view if you do not have an image reference.
- Create map from where you started to where you visited – a point A to point B map. And/or layout the locations you visited! Maybe you have ephemera you want to draw from or include into your page!
- Journal about your mode of travel used.
- Journal about the wildlife you saw or want to see on your trip!
- Journal about the food on your travels or wish to try someday
- Journal about and include any mementos or souvenirs (old ticket stubs, receipts, etc.)

My dream destination

Home away from home

I loved this trip because ...

On this trip I ...

Where I went ...

What I saw ...

What I won't forget...
